FUTURE IN FOCUS

未来を焦点に
今、取り組むべきことを行おう

With the future in focus,
let us think about what should be done now
and take action.

In the various regions and societies where we conduct our activities, we respect nationality, race, gender, culture, beliefs, and customs. In response to the challenges faced by those regions and societies, we utilize our creativity and teamwork to address them. We strive to realize safe and healthy working environments, and aim to be a trusted corporate citizen. We contribute to the creation of a society that continues into the future with sustainable and ongoing development.

History

In August 1958, following the dissolution of the United Nations forces after the Korean War, the issue of unemployment among Japanese workers who had been employed at UN military bases became significant. Nippon Salvage Service was established with the support of government-related institutions, utilizing equipment from the former UN forces, with the objective of providing employment for former base workers.

1958 August	Following the closure of the UN military base at Shukuen due to the dissolution of stationed forces, and under the "Special Measures Law for Former Military Base Employees" and support from government agencies, Nippon Salvage Service Cooperative was established on August 5. Initial capital: 2,000,000 yen
1960 August	Shiga Branch established (Kusatsu City, Shiga Prefecture)
1962 August	Reorganized from a corporate association and established as Nippon Salvage Service Co., Ltd. Capital: 3 million yen
1970 June	Nagahama Office established (Nagahama City, Shiga Prefecture)
1979 February	Capital increased to 30,000,000 yen
1997 April	Head Office and Head Office Operations Center relocated to Minami-ku, Kyoto City (current location)
2005 November	Machinery Service (rental) division established
2010 August	Shiga Branch relocated to Koka City, Shiga Prefecture (current location)
2013 September	Maizuru Office established at Maizuru International Wharf
2016 December	Customs clearance license obtained
2017 January	Joined JIFFA
2017 February	Type 1 Freight Forwarding Business registered
2017 March	Type 2 Freight Forwarding Business license obtained
2017 April	Osaka Office established
